Boatowner Service — 2009/2010

(please see reverse for mooring/marina application)

The Royal Nova Scotia Yacht Squadron offers you the pleasure of keeping your boat at one of the most beautiful spots in Nova Scotia, the Halifax Northwest Arm. Depending upon your preference, you can moor your boat and take advantage of our tender service to run back and forth, or you can choose a marina slip and enjoy the walk-on convenience. Marinas are assigned according to the size of your boat and the seniority of your membership.

Count on our full-service boatyard for the best in care and attention:

- Diesel and gasoline dock
- Haulout, winter storage and launch services
- Jib Crane (capacity: 10,000 lbs.)
- Pump out facility
- Marine railway (capacity: 30 tonnes)
- Spar Crane (capacity: 1,500 lbs.)

Your vessel-servicing needs can be easily handled by our experienced boatyard staff. If your requirements are outside their expertise, they can recommend a specialized contractor in the marine field.
